Hi Jackie,

Updates are below. Please let me know if you have any additional questions.

Thank you for your interest in the Generation Rx grant programs. Historically the Cardinal Health Foundation has funded organizations with a 501c3 nonprofit tax status. But there are many entities who do not have this tax status and are doing incredible work around the opioid epidemic. We're happy to share that we have expanded our eligibility requirements to encompass organizations who have a nonprofit tax status other than 501c3.

We have created special applications for the grants that do not require entering a tax ID number to access the application. The application will request the W9 and Governmental Information Letter for your organization. Learn more about the Governmental Information Letter below.

Grant applications:

[Community-Level Response to the Opioid Crisis](#)
[Best Practices in Pain Medication Use and Patient Engagement](#)
[Prevention Education for Youth](#)

Details on the Governmental Information Letter, per the [IRS website](#):

As a special service to government entities, IRS will issue a "governmental information letter" free of charge. This letter describes government entity exemption from Federal income tax and cites applicable Internal Revenue Code sections pertaining to deductible contributions and income exclusion. Government entities can request a governmental information letter by calling 1-877-829-5500.

Please reach out with any questions.

Thank you!

Hello,
Thank you for your interest in the Generation Rx grant programs.

Traditionally, the Cardinal Health Foundation has only funded organizations with a 501c3 nonprofit tax status. There are many entities who do not have this tax status and are doing incredible work in combatting the opioid epidemic. We're interested in funding organizations that will make the greatest impact and have been researching the possibility of funding organizations that are nonprofits but have tax statuses other than 501c3. We have learned that we can move forward with funding these non 501c3 organizations but would need the entity to provide their Governmental Information Letter in addition to their W9. Can you let me know if you have these two documents for your organization?

Thank you,
Emily

Good Afternoon

I am writing to determine if county local departments are eligible to apply for your community level grants.

Thank you
Jackie
